PSB's Cybersecurity, Fraud & Artificial Intelligence Hackathon 2026 in collaboration with IIT Hyderabad

Bank of India (BOI) is proud to host PSB's Cybersecurity, Fraud & Artificial Intelligence, in collaboration with IIT Hyderabad . This initiative is powered by the Department of Financial Services (DFS) (Ministry of Finance)/Indian Bank Association (IBA) aims to foster collaboration between public sector banks, educational institutes and students and to promote innovation, prototype development, and entrepreneurship in the banking sector.

About the Hackathon :

PSB's Cybersecurity, Fraud & Artificial Intelligence Hackathon is a national-level initiative powered by the Department of Financial Services (DFS) Ministry of Finance)/Indian Bank Association (IBA). This hackathon provides a platform for students, banks, and educational institutes to collaborate and create innovative solutions for the financial sector that can solve real-world Cybersecurity, Fraud & Artificial Intelligence challenges.

Selected teams will work on problem statements, and the event will culminate in August 2026 with the presentation of winning prototypes showcasing their potential for real-world implementation.

Why You Should Participate :

The first and one of its kind Hackathon , which is an initiative of Ministry of Finance, Department of Financial Services & coordinated by Indian Banks Association (IBA)

Exciting Prizes :

Win rewards worth up to Rs 20 Lakhs. Prize Pool of Rs.20 Lakhs ((1st Prize 5 Lac , 2nd Prize 3 Lac , 3rd Prize 2 Lac) for each topic)

- Prize money shall be awarded in three instalments to ensure sustained involvement of students, institutes, and bank throughout the lifecycle of product development.

Instalment Number	Details	Amount % with respect to prize money
1	On the day of the grand finale	50 %
2	On the day / After completion of Global FinTech Fest	30 %
3	Upon successful completion of product development	20 %

Recognition :

Winners will be honored at the closing ceremony, receiving national-level recognition for their innovations. Certificates of Excellence, Merit, or Participation for all participants.

Skill Development :

Tackle real world Cybersecurity, Fraud & Artificial Intelligence challenges and appreciation by industry.
